

The Return of Acupuncture Poll

Editorial Staff

The popular Acupuncture Poll section of acupuncturetoday.com has returned in a revised and expanded format. Each month, a new question relating to acupuncture and Oriental medicine will be posted online. In addition to responding to polling questions, users may now voice their opinions by leaving comments. When your vote is recorded, your comments (as well as the latest poll results) will appear on a corresponding page.

Results of each poll (and selected comments from each question) will be published in the printed version of *Acupuncture Today*. To cast your vote or find out more information, visit Acupuncture Poll at www.acupuncturetoday.com/acupuncturepoll.
