GENERAL ACUPUNCTURE

## **Official NCCAOM Practice Tests**

Kory Ward-Cook, PhD

The National Certification Commission for Acupuncture and Oriental Medicine (NCCAOM) is excited to announce the launch of the new NCCAOM Exam Preparation Center. The center will feature—

- The Official NCCAOM Practice Tests
- Study Guides—NCCAOM provides a comprehensive preparation handbook for each certification program for candidates preparing to take the NCCAOM exam(s).
- Exam Content Outlines—NCCAOM exam content outlines serve as a guide to assist in exam preparation.
- More study materials to be offered later on this year.

The Official NCCAOM Practice Tests include a scaled score and a diagnostic report to help students and examination candidates prepare for the NCCAOM National Board Exams.

Most importantly, these practice tests will be structured similarly to the actual NCCAOM certification exams. Test your readiness for testing by simulating the format and flow of the real exam using the only practice tests available from the NCCAOM with questions developed using the same methodology as the exam itself.

## *Public Protection Through Quality Credentials*

What our Official NCCAOM Practice Tests offer to help prepare you for the NCCAOM board exams, include:

- Exam questions that reflect current exam content outlines, the same level of difficulty and the same design as real exams.
- Ability to take a test anywhere, at any time, as long as internet access is available.
- A feedback report with a scaled score at the end of a test, which summarizes your readiness for each exam content subsection.
- The price listed next to each test includes one online test session. You will only be allowed to take the practice test one time for each payment made.

Visit Exam Preparation Center at: <http://www.nccaom.org/nccaom-exam-preparation-center/>.

NCCAOM Diplomates, earn 5 PDA points for successfully passing one practice test per recertification cycle. Faculty members, it is recommended that ACAOM approved schools' faculty members sign up for these practice tests to familiarize themselves with the process.
